INDEPENDENT AUDITORS' REPORT

Board of Directors
Metro Narcotics Unit of Ouachita Parish

We have audited the accompanying financial statements of the governmental activities of Metro Narcotics Unit of Ouachita Parish (Metro), as of and for the year ended September 30, 2005, which comprise the basic financial statements of Metro as listed in the table of contents. These financial statements are the responsibility of Metro's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities for Metro as of September 30, 2005, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2006, on our consideration of Metro's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 3 through 5 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Metro Narcotics Unit of Ouachita Parish provides an overview of Metro's activities for the year ended September 30, 2005. Please read it in conjunction with Metro's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of Metro as a whole.

Reporting Metro as a Whole

The Statement of Net Assets and the Statement of Activities

The Statement of Net Assets includes all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report Metro's net assets and changes in them. Metro's net assets – the difference between assets and liabilities – measure Metro's financial position. The increases or decreases in Metro's net assets are an indicator of whether its financial position is improving or deteriorating.

METRO AS A WHOLE

For the years ended September 30, 2005 and 2004:

	FYE 2005	FYE 2004
Beginning net assets	\$ 296,216	\$ 342,972
Increase (Decrease) in net assets	<u>24,925</u>	<u>(46,756)</u>
Ending net assets	\$ 321,141	\$ 296,216

METRO'S FUNDS**PAGE 2**

The following schedule presents a summary of revenues and expenses for the fiscal year ended September 30, 2005, and the amount and percentage of increases and decreases in relation to the prior year.

	FYE 2005	Percent	Increase (Decrease)	Percent Increase (Decrease)
Revenues:	Amount	of Total	from FYE 2004	
Grants	\$ 194,576	58%	\$ 55,019	39%
Forfeitures	138,549	41%	79,616	57%
Auction Sales	-	-	(57,790)	(100%)
Miscellaneous	4,803	1%	(8,834)	(65%)
Total Revenues	\$ 337,928	100%	\$ 68,011	25%

Revenues for Metro increased substantially for the FYE 2005 mainly due to the new grant from the Office of National Drug Control Policy (HIDTA) and from an increase in forfeitures.

	FYE 2004	Percent	Increase (Decrease)	Percent Increase (Decrease)
Revenues:	Amount	of Total	from FYE 2003	
Grants	\$ 139,557	52%	\$ 10,703	8%
Forfeitures	58,933	22%	(16,418)	(28%)
Auction Sales	57,790	21%	57,790	100%
Miscellaneous	13,637	5%	8,664	63%
Total Revenues	\$ 269,917	100%	\$ 60,739	23%

Revenues for Metro increased substantially for the FYE 2004 mainly due to the auction held in 2004.

	FYE 2005	Percent	Decrease from	Percent Increase (Decrease)
Expenses:	Amount	of Total	FYE 2004	
Total	\$ 292,968	100%	\$ (17,240)	(6%)

Metro's expenses were level compared to last year.

	FYE 2004	Percent	Increase from	Percent Increase (Decrease)
Expenses:	Amount	of Total	FYE 2003	
Total	\$ 310,208	100%	\$ 5,196	2%

Metro's expenses increased moderately in 2004. The increase in Metro's expenses was due to additional cases added in 2004.

Capital Assets

At the end of September 30, 2005 and 2004, Metro had \$167,355 and \$163,295 invested in capital assets including buildings and improvements, furniture and fixtures, equipment, and vehicles (see table next page).

	FYE 2005	FYE 2004
Buildings and improvements	\$ 65,425	\$ 65,425
Furniture and equipment	<u>101,930</u>	<u>97,870</u>
Totals	\$ 167,355	\$ 163,295

This year's additions included the purchase of hand held radios, a taser gun, and a computer.

ECONOMIC FACTORS AND NEXT YEAR'S REVENUES

Metro's revenues are derived mainly from four sources, the United States Department of Justice, Louisiana Commission on Law Enforcement (LCLE) grant and the Office of National Drug Policy, High Intensity Drug Trafficking Area (HIDTA) grant, both of which are awarded to the City of West Monroe, which in turn "passes through" the funds to Metro, Forfeitures revenue, and Sales and Seizures revenue. Metro had a 35% cut in the LCLE grant funds in 2005, and anticipates another similar cut in 2006. Management of Metro hopes to increase the amount received from the HIDTA grant to offset the loss of LCLE funds.

CONTACTING METRO'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens and taxpayers with a general overview of Metro's finances and to show Metro's accountability for the money it receives. METRO NARCOTICS UNIT OF
OUACHITA PARISH
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2005

INTRODUCTION

Metro Narcotics Unit of Ouachita Parish (Metro) consists of the following agencies: Ouachita Parish Sheriff's Department, West Monroe and Monroe Police Departments and the Fourth Judicial District Attorney. Metro was formed because of the enormity of the problems, legal and social, caused by the use, abuse and distribution of drugs within the parish; and, further realizing that by working together in a coordinated manner, much can be accomplished toward reducing illicit drug usage and trafficking.

Metro is not a component unit of another primary government nor does it have any component units that are related to it. Therefore, Metro has presented its financial statements as a separate special purpose government.

Note 1 - Summary of Significant Accounting Policies

The accompanying financial statements of Metro have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999, the GASB issued *Statement 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* and *Statement 35 Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. These Statements establish new financial reporting requirements for state and local governments and public colleges and universities throughout the United States. They require new information and restructure much of the information that the government should have presented in the past. Comparability with reports issued in years prior to 2004 is affected.

Other GASB Statements are required to be implemented in conjunction with GASB Statements 34 and 35. Therefore, Metro has implemented the following GASB Statements: *Statement 37 – Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments: Omnibus*, and *Statement 38 – Certain Financial Statement Note Disclosures*.

A. Reporting Entity

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate accounting principles generally accepted in the United States of America and reporting standards with respect to activities and transactions of state and local government entities. In November of 1984, the GASB issued a codification of governmental accounting and financial reporting standards. This codification and subsequent GASB pronouncements are recognized as accounting principles generally accepted in the United States of America for state and local governments.

OUACHITA PARISH

FOR THE YEAR ENDED SEPTEMBER 30, 2005

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report information of all of the activities of the government.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or component unit are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function, segment or component unit. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function, segment or component unit. Resources that are dedicated internally are reported as general revenues rather than as program revenues. Metro does not allocate general government (indirect) expenses to other functions.

Net assets are restricted when constraints placed on them are either externally imposed or imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net assets. When both restricted and unrestricted resources are available for use, generally it is Metro's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-Wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements – The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, Metro considers revenues to be available if they are collected within 60 days of the end of the current fiscal year end. Principal revenue sources considered susceptible to accrual include federal grants. Other revenues are considered to be measurable and available only when cash is received by Metro. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

D. Fund Accounting

Metro uses governmental funds to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain functions or activities.

METRO NARCOTICS UNIT OF
OUACHITA PARISH
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2005

Note 1 - Summary of Significant Accounting Policies

D. Fund Accounting (continued)

The operations of the fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Governmental funds are used to account for all of Metro's general activities, including the collection and disbursement of specific or legally restricted monies and the acquisition of fixed assets. The governmental fund is described as follows:

General Fund

The General Fund is the general operating fund of Metro. It is used to account for all financial resources. These discretionary funds are accounted for and reported according the source (federal, state or local) from which they are derived.

E. Presentation of Statements

The accompanying financial statements conform to accounting principles generally accepted in the United States of America for state and local governments. These statements have also incorporated any applicable requirements set forth by *Audits of State and Local Governmental Units*, the industry audit guide issued by the American Institute of Certified Public Accountants and the *Louisiana Governmental Audit Guide*.

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Cash and Certificates of Deposit

At September 30, 2005, the book balance of Metro's bank deposits was \$212,413.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at September 30, 2005 are secured as follows:

Bank Balances	<u>\$ 214,010</u>
Federal Deposit Insurance	\$ 200,000
Pledged Securities	<u>272,954</u>
Total	<u>\$ 472,954</u>

METRO NARCOTICS UNIT OF
OUACHITA PARISH
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2005

Note 2 - Cash and Certificates of Deposit (continued)

The bank statement balances exceeded the general ledger balances due to in-transit items such as outstanding checks.

Because the pledged securities are held by the custodial bank in the name of the fiscal agent bank rather than in the name of Metro, they are considered uncollateralized (Category 3) under the provision of GASB Codification C20.106; however, Louisiana Revised Statute 39.1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by Metro that the fiscal agent bank has failed to pay deposited funds upon demand. One financial institution maintains a certificate of deposit that is recorded at market value of \$115,344 and is considered cash equivalent because it matures within one month of the fiscal year end.

Note 3 - Receivables

Accounts receivable at September 30, 2005, consisting of reimbursements for expenditures incurred under the Louisiana Commission Law Enforcement Grant was \$19,791.

Note 4 - Fixed Assets

A summary of changes in fixed assets follows:

FOR THE YEAR ENDED SEPTEMBER 30, 2005

Note 4 - Fixed Assets (continued)

Depreciation expense for the year ended September 30, 2005 was charged to governmental activities as follows:

Governmental Activities:	
Public Safety	<u>\$ 24,095</u>
Total Depreciation Expense	
Governmental Activities	<u>\$ 24,095</u>

Note 5 - Federal Award Programs

Metro receives revenues from the Louisiana Commission Law Enforcement federal grant program that is subject to final review and approval as to the allowability of expenditures by the grantor agency. This program is audited in accordance with the *Single Audit Act Amendment of 1996*. Any settlements or expenses arising out of a final review are recognized in the period agreed upon by the agency and Metro. Also, it is management's opinion that any audits by the grantor agency would not produce disallowed program costs and liabilities to such an extent that they would materially affect Metro's financial position.

Note 6 - Economic Dependency

Metro receives the majority of its revenue from funds provided through the grant mentioned in Note 5. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of the funds Metro receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds Metro will receive in the next fiscal year.

Note 7 - Risk Management

Metro is exposed to various risks of loss related to torts, errors and omissions, and destruction of assets. Metro has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. No settlements were made during the year that exceeded Metro's insurance coverage. There was no litigation pending against Metro at September 30, 2005, nor is Metro aware of any unasserted claims.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDIT STANDARDS**

Board of Directors

Metro Narcotics Unit of Ouachita Parish

We have audited the financial statements of the governmental activities of Metro Narcotics Unit of Ouachita Parish, as of and for the year ended September 30, 2005, which comprise Metro's basic financial statements and have issued our report thereon dated February 8, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Metro's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Metro's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.
